SPANISH CAMPS FOR TEENS

Benalmádena
Málaga - Costa del Sol

2026

THE LOCATION

BENALMADENA, MALAGA

Geographically situated right in the centre of the Costa del Sol, (Malaga) Benalmadena's municipal area stretches from the foothills of the Sierra de Mijas to the sea, where it occupies a short coastal strip.

Three districts form the town:

Benalmádena Pueblo (the old town) evokes calmness with its picturesque urban landscape of narrow streets and plazas, while Benalmádena Costa brings a holiday feel with a long coastline divided into 15 beaches. Arroyo de la Miel, a vibrant community, is a pretty locality where a large number of leisure attractions of this destination are concentrated.

THE BEACHES

THE CLIMATE

Benalmadena enjoys a subtropical Mediterranean climate, with hot summers and warm winters. Cooling breezes from the sea make the summer heat manageable and temperatures are an average of 30 °C in summer and 17 °C in winter.

THE SCHOOL FACILITIES

Maravillas programas internacionales is located on the upper floor of a modern building situated in the city centre (Arroyo de la Miel) within walking distance from the local train station and from the beaches.

24 modern classrooms equipped with the latest technology and air conditioning, a students room with a wide range of books available, a large multi-purpose room for conferences, cinema or meetings, a 600 m² sunshade terrace, with a cafeteria serving breakfast and lunches. Free WIFI in all premises and wheelchair access for students with disabilities.

The "family" feeling is still the school's most important asset. Colegio Maravillas has approximately 60 students at one time, during the year and more than 200 students per week in the summer season, from Europe, Asia and North America.

HOMESTAY ACCOMMODATION

The accommodation is always provided with local **host-families**, previously inspected, in double rooms (sharing with another student of similar age and different nationality) on a full board basis. On weekdays, the family will take care of breakfast and dinner, while lunches will be served at the school lunch Hall. During weekends, they will receive a picnic lunch to take to the excursion (Saturdays) or they will eat at home with the family (Sundays).

We take special care in choosing families for our youngest students and we apply strict selection criterias with inspections that are renewed every year.

The characteristics of each family are different, there may be young families with small children, separated ladies or retired couples, with or without pets. They can live in large houses or in smaller apartments near the city center or the beach.

ALLERGIES

Students suffering from a special allergy are only accepted if they are capable of managing their allergy independently. We accept no responsibility with regards to allergic reactions. It is mandatory that we are informed about all student's allergies when enrolling: we need this information to place your student with the correct host family.

Dietary supplement: coeliac, lactose free, gluten free, vegan: 15€/week

Our families have provided us with an official document stating that no member of the family nucleus has any background relating to crimes of a sexual nature.

We understand that for many students it is the first time they live this experience and we want it to be unforgettable. At the end of your stay, you will have really good memories, friends for life, and **a second home in Spain!**
